
POL-CODE-2025: Inter-Collegiate Hackathon Code of Conduct & Academic Integrity Code

Authority: Consortium of Bangalore Engineering Institutes | Effective: January 1, 2025

Clause 2.1 - Pre-existing Work Disclosure

All projects submitted for judging must be developed during the designated hackathon hack period. Third-party open-source libraries and public foundation models (e.g., HuggingFace, Databricks DBRX, OpenAI APIs) are permitted provided they are disclosed in the project readme.

Clause 2.2 - Academic Integrity & Plagiarism Prohibition

Submitting unoriginal code, pre-built proprietary software without disclosure, or misrepresenting another party's work as original student creation constitutes an ethics violation resulting in immediate disqualification and academic reporting.

Clause 2.3 - Inclusive & Harassment-Free Environment

All participants, mentors, judges, and organizers are entitled to a safe, respectful, and harassment-free environment regardless of gender, sexual orientation, disability, physical appearance, race, or religion.
